

LANE SEVEN

2023

HI, WE'RE LANE SEVEN.

We do blanks better.

A BETTER SWEATSHIRT.

It starts with better materials, it continues with better design. We thought the fleece available to screenprinters was pretty average. There were many options, but they were all the same, same fabrics, same knitting, same printability.

So we decided to make them better, way better.

HOW DID WE DO IT?

When we got here, the only fleece available to screen printers was 2-end knitting...and it wasn't good enough. So, we started manufacturing fleece with a finer 3-end knit, which makes the garment surface easier to print.

The 3-end process can be more expensive partly due to the addition of a third yarn - **but it's so worth it.**
